V2 SPECIAL RULES

POWER SYSTEM

RULES

ACTIVATION & DEGRADATION:

Every time a player uses their **Special Power**, their Momentum Die degrades down the polyhedral ladder:

`[ d8 ] → [ d6 ] → [ d4 ] → [ NONE ]`

- **d8 Starters:** 3 Uses before burning out.
- **d6 Regulars:** 2 Uses before burning out.
- **d4 Specialists:** 1 Use (One bullet only!).
- **Holding Momentum:** When you hold momentum, you roll your *currently available* die. If exhausted, you get NO bonus die!

PRO TIP: Save high-tier powers for bases-loaded or late 9th-inning high-leverage showdowns!

GAME MECHANICS

AT-BAT SUMMARY

GUIDE

1. Stance Selection: Pitcher and batter secretly choose 1 of 3 Stance Cards (Heat/Power, Zone/Eye, Break/Timing) and reveal simultaneously.
2. Momentum Read: Winner of rock-paper-scissors claims Momentum Token and rolls their currently available Momentum Die!
3. Roll Dice: Roll 2 approach dice + Momentum Die (if holding token).
4. Special Powers: May activate before, during, or after rolls as printed on card. Degrade Momentum 1 tier per use!
5. Calculate Margin: Higher total subtracts lower total and consults Table 1 or 2!

STAMINA CHECK: When your Momentum Die reaches NONE, you cannot activate powers and get no momentum bonus die.
